Law on Amendments to the Law on Vocational Education and Training (Official Gazette 275/19).

Regional centers for vocational education and training in which the following is implemented:

- general and vocational-theoretical education,
- practical training,
- post-secondary education and training.

Establishment of Regional Centers for Vocational Education and Training

“The Government of the Republic of North Macedonia with a decision designates regional centers for vocational education and training from the ranks of municipal secondary schools in which curricula for vocational education and training are implemented, at the proposal of the Ministry of Education and Science, and with prior consent of the founder of the municipal schools.”

Establishment of Regional Centers for Vocational Education and Training

- ▶ Three secondary vocational schools continue to operate as regional centers for vocational education and training, on the day this law enters into force and have the status of state secondary schools.
- ▶ Secondary vocational municipal school “Kiro Burnaz” – Kumanovo,
- ▶ Municipal secondary vocational school “Mosha Pijade” – Tetovo and
- ▶ Municipal school of catering and tourism “Vancho Pitosheski” – Ohrid

Founding rights and responsibilities

- ▶ The Government of the Republic of North Macedonia took over the founding rights and responsibilities towards the municipal secondary schools by a decision.
- ▶ The Government of the Republic of North Macedonia took over the ownership of the schools' facilities and the property of the municipal secondary schools by a decision.
- ▶ The employees, funds, equipment, inventory and documentation from the municipal secondary schools were taken over by the regional centers for vocational education and training, from the day of their commencement of works.
- ▶ The regional centers for vocational education and training, within three months from the day of the decision should harmonize their organization, operations, statute and other acts with this law.
